Страница с профилями животных (загружаются через API)

A screenshot of a page displaying animal profiles. The top navigation bar is identical to the one on the homepage, featuring the 'AnimAll' logo, a 'Logout' button, and a central orange square with a white letter 'A'. Below the navigation, there is a 'Create page' button and a search bar. The main content area is titled 'Search results'. It shows a card for an animal named 'Artemis', which is described as a 'Domestic Short Hair Mix Louisville, KY'. The card includes a small profile picture of a calico cat, a brief description of the animal, and a '0 LIKE' button at the bottom right. Below this card, there is a second, partially visible card.

Введя текст в строке “Search”, можно выполнять поиск по заголовкам страниц

The screenshot shows the Animall homepage with a search bar containing 'Julia'. Below the search bar, the text 'Search results' is displayed. A card for a cat named 'Julia' is shown, featuring a photo of a black and white cat wearing a blue surgical mask. The card includes the name 'Julia', breed 'Domestic Short Hair', location 'Louisville, KY', and a brief description about her being rescued from an overcapacity kill shelter. Below the card is a 'LIKE' button with a count of '0'.

Кнопка “Create page” вызывает дочернее окно создания новой страницы

The screenshot shows the Animall homepage with a search bar containing 'Julia'. A modal window titled 'Create page' is open, prompting the user to enter 'Name' (Julia) and 'Breed, location' (Domestic Short Hair Louisville, KY). A 'Create' button is visible at the bottom of the modal. In the background, the search results for 'Julia' are partially visible, showing the same card as in the previous screenshot.
